

MATH 141A - Calculus I, Fall 2019
HEG 204, TTh 10:10 - 11:30 am

Instructor: Dr. Stefan Mendez-Diez

Office: Albee 315

Office Phone: 758-7265

Email: smendezdiez@bard.edu (Responses may take up to 24 hrs and are not guaranteed on weekends. Please plan accordingly).

Office Hours:

Textbook: OpenStax Calculus Volume 1. Download for free at:
<http://cnx.org/contents/8b89d172-2927-466f-8661-01abc7ccdba4@6.47>

Course Description:

This course is an introduction to the calculus of one variable. No prior knowledge of calculus is assumed. Topics covered include the basic techniques of differentiation and integration of functions of one variable, and some applications of these techniques. The prerequisite for this course is knowledge of precalculus. If you are unsure whether Math 141 is an appropriate course for you, please consult with me.

Beyond gaining an understanding of calculus, I hope this class will provide you with an opportunity to think about what math is and your relationship with it.

Communication:

All course material will be posted on the course website. Urgent announcements may be sent out via campus email. It is your responsibility to regularly check your campus email and the website for updates. The website for the course can be found at:

faculty.bard.edu/smendezdiez/F19/math141/

Attendance:

You are expected to attend class and actively participate.

Homework:

Homework problems will be assigned roughly every week and listed on the website. You should check website regularly for announcements and other important tools. Homework problems will be due one week after they are assigned. You are strongly encouraged to work on assignments with your classmates. However, your solutions should be written by yourself and in your own words. Indicate in writing anyone you worked with or received help from. **No late assignment will be accepted.**

Examinations:

There will be two in-class midterm exams and a final exam. No make-up exams will be given without medical or college-approved documentation. Athletes must give an advance notice of a team conflict. All exams will be closed-book and closed-notes. The tentative exam dates are:

Midterm Exam 1: Thursday, Oct 10
Midterm Exam 2: Thursday, Nov 14
Final Exam: Thursday, Dec 19

Quizzes:

We will have short quizzes at random. They will consist of two questions related to the previous couple of lectures. Each question will be worth 1 pt.

Technology:

You will not be allowed a calculator or computer on the exams.

Final Grades:	Homework Assignments	25%
	Quizzes	10%
	Midterm Exams (Each)	20%
	Final Exam	25%

A	94 - 100	B-	80 - 82	D	60 - 69
A-	90 - 93	C+	77 - 79	F	0 - 59
B+	87 - 89	C	73 - 76		
B	83 - 86	C-	70 - 72		

Accomodations:

Bard College is committed to providing equal access to all students. If you anticipate issues related to the format or requirements of this course, please meet with me. I would like us to discuss ways to ensure your full participation in the course. Together we can plan how best to support your learning and coordinate your accommodations. Students who have already been approved to receive academic accommodations through disability services should share their accommodation letter and make arrangements to meet as soon as possible.

Have a learning difference or disability – including mental health, medical, or physical impairment – and are not yet registered? Please contact Disability Support Services at disabilityservices@bard.edu. The Coordinator will confidentially discuss the process to establish reasonable accommodations. Please note that accommodations are not retroactive and require advance notice to implement.

Academic Integrity:

Consult Academic Dishonesty and Plagiarism or the Bard College Student Handbook regarding this matter.
